## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Borough Council Borough of River Edge River Edge, New Jersey 07661

### Report on the Financial Statements

## Adverse Opinion on U.S. Generally Accepted Accounting Principles

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Borough of River Edge in the County of Bergen, as of December 31, 2022 and 2021, the related statement of operations and changes in fund balance – regulatory basis for the years then ended. and the related statement of revenues -regulatory basis and the statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the accompanying financial statements referred to above do not present fairly the financial position of each fund of the Borough of River Edge as of December 31, 2022 and 2021, or changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") and Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough of River Edge, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion.

Honorable Mayor and Members of the Borough Council Page 2.

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough of River Edge on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## Basis for Qualified Opinion on Regulatory Basis Accounting Principles

As described in Note 13 of the financial statement, the Borough participates in a Length of Service Award Program for its volunteer fire and rescue personnel. The amount reflected in the trust fund statements of \$2,255,225.12 and \$2,766,757.57 for 2022 and 2021, respectively, were not audited and, therefore, we express no opinion on the LOSAP program.

## Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph, the financial statements referred to above, present fairly, in all material respects, the regulatory basis balance sheets and account group as of December 31, 2022 and 2021, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2022 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough of River Edge's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and Members of the Borough Council Page 3.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Honorable Mayor and Members of the Borough Council Page 4.

### Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of River Edge's basic financial statements. The supplementary information listed in the table of contents and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or any form of assurance thereon.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 1, 2023 on our consideration of the Borough of River Edge's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough of River Edge's internal control over financial reporting and compliance.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles (GAAP).

The financial statements of the Borough of River Edge have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than generally accepted accounting principles. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

#### A. Reporting Entity

The Borough of River Edge (the "Borough") operates under a Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the Free Public Library, Volunteer Fire Department and the Volunteer Ambulance Corps. which are considered component units under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

#### B. Measurement Focus, Basis of Accounting and Basis of Presentation

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

The Borough has the following funds and account groups:

<u>Current Fund</u> - This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

<u>Trust Funds</u> - Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

<u>Assessment Trust</u> - This fund deals with the hauling of special assessment levies against property for the cost of an improvement, the whole or a part of which costs are levied against the property receiving the benefit.

<u>All Other Trust Funds</u> - These funds are established to account for the assets and resources which are also held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds.

<u>Animal Control Fund</u> - This fund is used to account for fees collected from dog licenses and expenditures which are regulated by NJS 4:19-15.11.

<u>Emergency Services Volunteer Length of Service Award Program</u> - This fund is used to account for the cumulative payments to participant's in the emergency services volunteer length of service award program including any income, gains, losses or increases or decreases in market value attributable to the investment of the participant's length of service awards.

<u>General Capital Fund</u> - This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

General Fixed Asset Account Group - To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

#### **Basis of Accounting**

A modified accrual basis of accounting is followed by the Borough of River Edge. Under this method of accounting revenues, except State/Federal Aid, are recognized when received and expenditures are recorded, when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The more significant differences are as follows:

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. Any taxes that have not been paid by the 11th day of the 11th month in the fiscal year levied are subject to be included in the tax sale and the lien enforced by selling the property in accordance with N.J.S.A. 54:5 et seq. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

<u>Miscellaneous Revenues</u> - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

<u>Grant Revenues</u> - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

#### NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>, (continued)

#### Basis of Accounting, (continued)

<u>Budgets and Budgetary Accounting</u> - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the current fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

General Capital Fund Trust Funds

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2022, the Borough Council increased the original budget by \$87,082.33 for additional grants received by the Borough. In addition, several budget transfers were approved by the governing body.

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Notes to Financial Statements Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

#### Basis of Accounting, (continued)

<u>Encumbrances</u> - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

<u>Appropriation Reserves</u> - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

<u>Compensated Absences</u> - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

<u>Property Acquired for Taxes</u> - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

<u>Inventories</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

<u>Cash and Investments</u> - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost which approximates fair value and are limited by N.J.S.A. 40A:5-15.1(a).

<u>Deferred Charges to Future Taxation Funded and Unfunded</u> - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

#### Notes to Financial Statements Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

#### Basis of Accounting, (continued)

<u>General Fixed Assets</u> - The Borough of River Edge has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accounting principles.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available, except land which is valued at estimated market value.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available.

<u>Use of Estimates</u> - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements and notes to financial statements because their inclusion would make certain statements and notes to financial statements unduly complex and difficult to understand.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

#### Basis of Accounting, (continued)

Impact of Recently Issued Accounting Principles

Recently Issued and Adopted Accounting Pronouncements

There were no new accounting pronouncements adopted by the Borough during 2022.

#### C. <u>Basic Financial Statements</u>

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

#### NOTE 2: CASH, CASH EQUIVALENTS AND INVESTMENTS

#### Cash

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December31, 2022 and 2021, \$-0- of the Borough's bank balance of \$14,378,750.35 and \$15,729,391.11, respectively, were exposed to custodial credit risk.

#### **Investments**

#### **Investment Rate Risk**

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Notes to Financial Statements Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 2: <u>CASH, CASH EQUIVALENTS AND INVESTMENTS</u>, (continued)

#### Credit Risk

New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the towns or bonds or other obligations of the local unit or units within which the town is located: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

#### Concentration of Credit Risk

The Borough places no limit on the amount the Borough may invest in any one issuer.

#### **Unaudited Investments**

As more fully described in Note 13, the Borough has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et. seq. except that all investments are retained in the name of the Borough. All investments are valued at fair value. In accordance with NJAC 5:30-14.37, the investments are maintained by Lincoln Financial Group, which is an authorized provider approved by the Division of Local Government Services. The balance in the account on December 31, 2022 and 2021 amounted to \$2,203,205.12 and \$2,713,717.59, respectively.

The following investments represent 5.00% or more of the total invested with Lincoln Financial Group on December 31, 2022 and 2021:

	2022	<u>2021</u>
Growth	\$1,430,316.94	\$1,864,955.61

The Local Bond Law governs the issuance of bonds and notes to finance capital expenditures. General obligation bonds have been issued for the general capital fund. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or retired by the issuance of bonds.

The Borough's debt is summarized as follows:

#### NOTE 4: BOND ANTICIPATION NOTES

#### **Bond Anticipation Notes**

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

On December 31, 2022, the Borough did not have any outstanding bond anticipation notes.

#### NOTE 5: <u>DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS</u>

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2022 the following deferred charges are shown on the balance sheets of the various funds:

The State of New Jersey Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the "Division"). For additional information about the PERS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions/GASB-notices.

#### Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<u>Tier</u>	Definition
1 2 3 4	Members who were enrolled prior to July 1, 2007 Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008 Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010 Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

#### NOTE 7: PENSION PLANS, (continued)

Police and Firemens' Retirement System (PFRS)

#### Plan Description

The State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey Division of Pensions and Benefits (the "Division"). For additional information about the PFRS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at www.state.nj.us/treasury/pensions/GASB-notices.

#### Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for disability benefits, which vest after 4 years of service. The following represents the membership tiers for PFRS:

<u>lier</u>	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011

3 Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (Tiers 1 and 2 members) and 60% (Tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

#### **Defined Contribution Retirement Program**

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

#### NOTE 7: PENSION PLANS, (continued)

#### <u>Defined Contribution Retirement Program, (continued)</u>

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

#### Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS. This amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning 2012 and 8.5% for PFRS, which increased to 10% in October 2011, of the employee's annual compensation, as defined by law. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS.

The Borough's contribution to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	$\underline{PERS}$	<u>PFRS</u>	<u>DCRP</u>
2022	\$426,825.00	\$965,911.00	\$16,000.00
2021	412,803.00	873,762.00	14,500.00
2020	383,405.00	765,529.00	13,354.18

Statement No's 68 and 71 require a state or local government employer to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. However, since the financial statements are prepared on another comprehensive basis of accounting, the net pension liability of the various pension systems is not recorded in the financial statements and is only required to be disclosed in the notes to the financial statements.

#### <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred</u> Inflows of Resources Related to Pensions

The following pension information is as of June 30, 2021 which is the latest information available. This information is eighteen months prior to December 31, 2022. GASB Statement No. 68 requires that the information be no more than twelve months prior to the employer's fiscal year end. No modification of the independent auditor's report is being made since The Division of Local Government Services, Department of Community Affairs, State of New Jersey, is permitting the regulatory basis statements of Municipal, County and Library's to be issued with unmodified opinion's until such time current pension information is available.

#### **Public Employees Retirement System (PERS)**

At December 31, 2021, the Borough had a liability of \$4,317,575.00 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, actuarially determined. At June 30, 2021, the Borough's proportion was .0364459983 percent, which was a decrease of .0012890138 percent from its proportion measured as of June 30, 2021.

For the year ended December 31, 2021, the Borough recognized pension expense of \$412,803.00. At December 31, 2021, deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>

#### Public Employees Retirement System (PERS), (continued)

Amounts reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date (June 30, 2021) will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions (excluding changes in proportion) will be recognized in pension expense as follows:

Year ended June 30:	
2021	\$(1,018,760)
2022	(727,392)
2023	(495,957)

2025	145

#### **Changes in Proportion**

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.13,5.16, 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years for 2022, 2021, 2020, 2019, 2018, 2017, 2016, 2015 and 2014 amounts, respectively.

#### **Actuarial Assumptions**

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through 2026 2.00-6.00% (based on years of service)
Thereafter 3.00-7.00% (based on years of service)

Investment Rate of Return 7.00 Percent

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

#### **Mortality Rates**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non- Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement based on Scale MP-2021.

#### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	<u>Allocation</u>	Rate of Return
U.S. Equity	27.000/	
2 0	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%

Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

#### **Special Funding Situation - PFRS**

Under N.J.S.A. 43:16A-15, the Borough is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2021 and 2020, the State proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$1,703,717 and \$1,568,409, respectively. For the years ended December 31, 2021 and 2020, the pension system has determined the State's proportionate share of the pension expense attributable to the Borough for the PFRS special funding situation is \$189,744 and \$177,748, respectively, which is more than the actual contributions the State made on behalf of the Borough of \$148,001 and \$\$120,688, respectively. The State's proportionate share attributable to the Borough was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the Borough's financial statements.

#### NOTE 8. OTHER POST EMPLOYMENT BENEFITS (OPEB)

In addition to the pension described in Note 7, the Borough does not provide post employment health care benefits as part of the State Health Benefits Local Government Retired Employments Plan. However, benefits are provided as described below:

#### Special Funding Situation PFRS

The following other post employment benefit information is as of June 30, 2021 which is the latest information available. This information is eighteen months prior to December 31, 2022. GASB Statement No. 75 requires that the information be no more than twelve months prior to the employer's fiscal year end. No modification of the Independent Auditor's Report is being made since the Division of Local Government Services, Department of Community Affairs, State of New Jersey, is permitting the regulatory basis financial statements of Municipal, County and Library's to be issued with unmodified opinion's until such time current other post employment benefit information is available.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No, 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred inflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation.

At December 31, 2021, the State's proportionate share of the net OPEB liability attributable to the Borough for the PFRS special funding situation is \$9,030,210 and the State's proportionate share of the OPEB expense for the PFRS special funding situation is \$(1,232,206).

Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 9: FUND BALANCES APPROPRIATED

Fund balances at December 31, 2022 and 2021 which were appropriated and included as anticipated revenue in their own respective funds for the years ending December 31, 2023 and 2022 were as follows:

2023

2022

Current Fund

\$1,552,550.00

\$1,212,500.00

#### NOTE 10: FIXED ASSETS

The following is a summary of changes in the general fixed asset account group for the year 2021.

	Balance			Balance

#### NOTE 11: ACCRUED SICK AND VACATION BENEFITS

The Borough of River Edge permits employees to accrue a limited amount of unused vacation and sick pay, which may be taken as time off or paid upon retirement or separation at an agreed-upon rate. Additionally, employees who meet certain requirements are eligible to receive an annual payment as severance pay until the employee reaches the age sixty-five.

It is estimated that the current cost of such unpaid compensation would approximate \$438,251.96 and \$464,055.56 at December 31, 2022 and 2021, respectively. These amounts are not reported either as an expenditure or a liability. It is expected that the cost of such unpaid compensation would be included in the Borough of River Edge's budget operating expenditures in the year in which it is used.

As of December 31, 2022 and 2021, the Borough has reserved in the Other Trust Fund \$48,294.96 and \$18,967.95, respectively, to fund compensated absences in accordance with NJSA 40A:4-39.

#### Notes to Financial Statements Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 12: DUE TO/FROM OTHER FUNDS

Balances due to/from other funds at December 31, 2022 consist of the following:

\$1,500,000.00	Due to the Current Fund from the General Capital Fund for short term loans.		
0.04	Due to Current Fund from Assessment Trust Fund for interest earned.		
<u>767,181.56</u>	Due to the State and Federal Grant Fund from the Current Fund for Grant receipts deposited in the Current Fund.		
\$2,267,181,60			

It is anticipated that all interfunds will be liquidated during the fiscal year.

### NOTE 13: EMERGENCY SERVICES VOLUNTEER LENGTH OF SERVICE AWARD PLAN (LOSAP) - UNAUDITED

On March 6, 2003, the Division of Local Government Services approved the Borough's LOSAP plan, provided by Lincoln Financial Group. The purpose of this plan is to enhance the Borough's ability to retain and recruit volunteer firefighters and volunteer members of emergency service squads.

The Lincoln Financial Group will provide for the benefit of participants, a multi-fund variable annuity contract as its funding vehicle. The plan shall provide for a fixed annual contribution of \$1,000.00 to each eligible volunteer who accumulates a minimum of 100 service points based on criteria established by Borough Ordinance No. 1289. In addition, the ordinance does not provide for prior years service credit. The amount of the LOSAP award cannot exceed \$1,000.00 annually, subject to periodic increases as permitted by N.J.A.C. 5:30-14.9. The Borough's contribution shall be included in the current years budget.

All amounts awarded under a length of service award plan shall remain the asset of the sponsoring agency; the obligation of the sponsoring agency to participating volunteers shall be contractual only; and no preferred or special interest in the awards made shall accrue to such participants. Such money shall be subject to the claims of the sponsoring agency's general creditors until distributed to any or all participants.

We have reviewed the plan for the year ended December 31, 2022 in accordance with the American Institute of Certified Public Accountants (AICPA) Statement on Standards for Accounting and Review Services. Since a review does not constitute an audit, the financial statements pertaining to the plan are presented as unaudited in this report as part of the Borough's trust fund.

# BOROUGH OF RIVER EDGE, N.J. Notes to Financial Statements Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 14: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur. During the 2013 calendar year, the Borough did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

The Borough of River Edge is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Borough of River Edge is a member of the Bergen County Municipal Joint Insurance Fund (the "JIF"). The JIF is a self-administered group of municipalities established for the purpose of providing certain low-cost general liability, automobile liability and workers' compensation insurance coverage up to \$100,000.00 for member municipalities. The Borough of River Edge pays an annual assessment to the JIF and should it be determined that payments received by the JIF are deficient, additional assessments may be levied.

The JIF can declare and return excess surplus to members upon approval of the State of New Jersey Department of Insurance. These distributions would be divided amongst the members in the same ratio as their individual assessment relates to the total assessment of the membership body. In accordance with Statement No. 10 of the Government Accounting Standards Board, these distributions may be sued to reduce the amount recorded for membership expense in the year in which the distribution was declared.

The Borough of River Edge is also a member of the Municipal Excess Liability Joint Insurance Fund (the "MEL"). The MEL provides excess insurance coverage for claims in excess of \$100,000.00 for general liability, automobile liability and workers' compensation. The MEL also provides insurance coverage for the following: employment practices liability, nonowned aircraft, public officials liability, directors and officers liability and faithful performance and employee dishonesty blanket bond (\$1,000,000.00 limit).

The JIF also provides Property coverage (i.e. Boiler and Machinery, Flood, Valuable Papers, etc.) to its members by participating in a state-wide joint purchase program arranged by the MEL acting as a lead agency.

Financial statements for the Funds are available at the office of the Funds' Executive Director, PERMA Risk Management Services.

#### Notes to Financial Statements Years Ended December 31, 2022 and 2021 (continued)

#### NOTE 14: RISK MANAGEMENT, (continued)

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's expendable trust fund for the current and previous two years:

	Interest Earnings/			
Year Ended	Borough	Employee	Amount	Ending
Dec. 31,	<b>Contributions</b>	<b>Contributions</b>	Reimbursed	<b>Balance</b>
2022	\$2.82	\$10,874.44	\$15,307.90	\$24,523.83
2021	3.04	10,009.86	14,792.36	28,954.47
2020	20,022.74	17,090.18	12,782.04	33,733.93

The Borough of River Edge continues to carry commercial insurance coverage for all other risks of loss, including employee health, accident and flood insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The Borough also maintains a self insurance fund to pay for small claims or claims which fall under the insurance deductible amount.

#### NOTE 15: TAXES COLLECTED IN ADVANCE

#### NOTE 16: COMMITMENTS AND CONTINGENT LIABILITIES

The Borough of River Edge is a defendant in certain lawsuits, none of which is unusual for a municipality of its size. Additional liabilities, if not covered by insurance would be funded from future taxation.

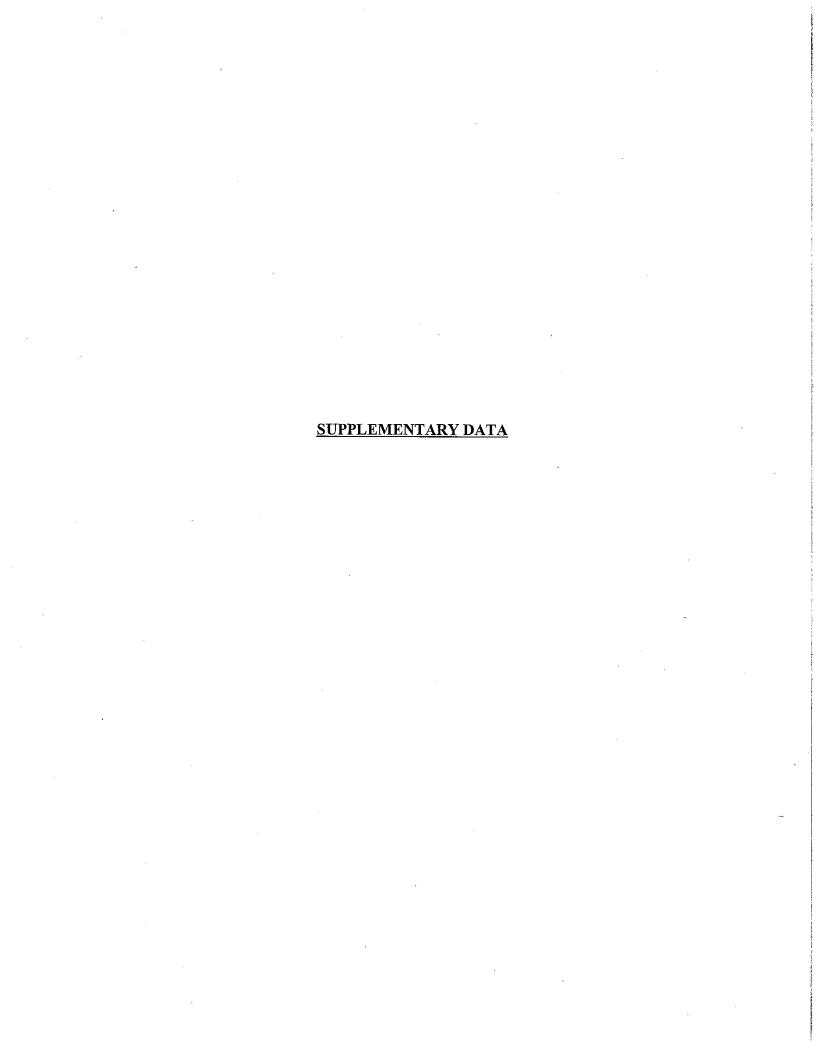

#### NOTE 17: OTHER MATTERS

On March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 into effect. This plan, among other things, provides direct federal funding to aid county and municipal governments to help offset revenue losses, cover increased costs incurred during the coronavirus pandemic response and to make necessary investments in water, sewer or broadband infrastructure. The amount of federal aid available to the Borough of River Edge is \$1,196,884.92 which will be available for use until December 31, 2024.

#### NOTE 18. SUBSEQUENT EVENT

The Borough has evaluated subsequent events through August 1, 2023, the date which the financial statements were available to be issued and the following item was noted for disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Borough Council Borough of River Edge River Edge, New Jersey 07070

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements-regulatory basis of the Borough of River Edge in the County of Bergen as of and for the year ended December 31, 2022 and the related notes to the financial statements, and have issued our report thereon dated August 1, 2023, which was adverse due to being presented in accordance with New Jersey regulatory basis of accounting.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements-regulatory basis, we considered the Borough of River Edge's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements-regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Borough of River Edge's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough of River Edge's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant

Honorable Mayor and Members of the Borough Council Page 2.

deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We did identify certain immaterial deficiencies in internal control that we have reported to management of the Borough of River Edge in the accompany comments and recommendations section of this report.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough of River Edge's financial statements-regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain immaterial instances of noncompliance that we have reported to the management of the Borough of River Edge in the accompanying comments and recommendations section of this report.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of River Edge's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of River Edge's internal controls and compliance. Accordingly, this communication is not suitable for any other purpose.

### **GENERAL COMMENTS**

### **Contracts and Agreements**

N.J.S.A. 40A:11-4 states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law."

Effective April 17, 2000 and thereafter the bid thresholds in accordance with N.J.S.A. 40A:11-3 (as amended) is \$17,500.00 and \$25,000.00 with a qualified purchasing agent. On July 1, 2010, the threshold was increased to \$26,000.00 and \$36,000.00 with a qualified purchasing agent. On July 1, 2020, the amount for a qualified purchasing agent was increased to \$44,000.00.

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term 'competitive contracting', which is defined as "the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors' formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received."

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. "When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the total sum of \$17,500.00, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations." The Borough increased the bid threshold to \$44,000.00 as allowed by law for having a qualified purchasing agent.

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. "Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

2022 Road Improvement Program Bogert Road Sections 5 & 6 2021 CDBG Reservoir Avenue Project Renovations Fire Company No. 2 ADA Ramp Improvements

Planting of Street Trees Borough Hall Renovations Various Drainage Improvements Rectangular Rapid Beacon Project Resolutions were adopted authorizing the awarding of contracts and agreements for "Professional Services" N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. No violations were disclosed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

### Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 3, 2022 adopted the following resolution authorizing interest to be charged on delinquent taxes and year end penalty:

WHEREAS, N.J.S.A. 54:4-67 has been amended to add a definition of what constitutes a delinquency: "Delinquency means the sum of all taxes and municipal charges due on a given parcel of property covering any number of quarters or years. The Governing Body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay the delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed 6% of the amount of the delinquency; and

WHEREAS, N.J.S.A. 54:4-67 has been amended to allow that the delinquency be calculated on the sum of all taxes from year-to-year and not be calculated on an individual year basis; and

WHEREAS, the Governing Body that desires to employ the end of year penalty for those accounts whose tax arrears, interest and municipal charges exceed \$10,000.00 in any fiscal year must do so by the adoption of an appropriate resolution.

NOW, THEREFORE, BE IT RESOLVED that the Governing Body of the Borough of River Edge authorizes the Borough Tax Collector to implement the end of year penalty for those accounts which exceed \$10,000.00 in any fiscal year as well as any other statutory requirements contained in N.J.S.A. 54:4-67 as amended, effective January 1, 2015.

BE IT FURTHER RESOLVED by the Mayor and Council of the Borough of River Edge, County of Bergen, State of New Jersey, that taxes due the Borough of River Edge shall be payable on February 1<sup>st</sup>, May 1<sup>st</sup>, August 1<sup>st</sup>, and November 1<sup>st</sup> of every year, with a ten (10) day grace period, after which dates, if unpaid, they shall become delinquent; and

BE IT FURTHER RESOLVED, that from and after the respective dates herein before provided for taxes to become delinquent, the taxpayer on property assessed shall be subject to interest of eight per centum (8%) on the first \$1,500 of delinquent tax payments, and eighteen per centum (18%) on amounts over \$1,500. These rates will be applicable from quarterly due date to date payment is received and as the law provides.

It appears from our test of the collector's record that interest was collected in accordance with the foregoing resolution.

### **Delinquent Taxes and Tax Title Liens**

The last tax sale was held on December 14, 2022 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	Number of Liens
2022	6
2021	6
2020	6

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

### **Verification of Delinquent Taxes and Other Charges**

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices.

The result of the test, which was made for the year ending December 31, 2022, is not yet known, but a separate report will be rendered if any irregularities are developed. In addition we utilized analytical review procedures to ascertain the validity of the receivabales.

### **COMMENTS**

1. There were several eligible employees that were not enrolled in the DCRP.

### **RECOMMENDATIONS**

1. That all eligible employees be enrolled in the DCRP.

### STATUS OF PRIOR YEAR AUDIT FINDINGS/RECOMMENDATIONS

A review was performed on all prior years' recommendations and corrective action was taken on all, however additional action is required for those recommendation denoted with an (\*).

The problems and weaknesses noted in our audit were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments or recommendations, or should you desire assistance in implementing our recommendations, please do not hesitate to call us.

Very truly yours,
